Italia, 05.03.2025 [ENA]

The Island of Pianosa, a hidden gem of the Tuscan Archipelago, is a place of rare beauty and historical charm. With its pristine landscape, crystal-clear waters, and a past that spans from Roman times to its use as a penal colony, Pianosa offers a unique experience.

The Island of Pianosa, a wild and evocative gem of the Tuscan Archipelago, is a place that seems to have emerged from a dream. Located southwest of the Island of Elba, this small pearl of the Mediterranean is accessible by boat, with regular departures from Marina di Campo or Porto Azzurro. The journey itself is an unforgettable experience, offering breathtaking views and an atmosphere of anticipation for what awaits upon arrival. Pianosa is an island with a fascinating and layered history. Inhabited since Roman times, as evidenced by the remains of a patrician villa and ancient cisterns, it endured centuries of isolation during which it served as an agricultural penal colony until 1998.

Today, its prison past coexists with lush, unspoiled nature, creating a unique contrast between memory and beauty.

Walking through Pianosa means immersing yourself in an almost surreal landscape: expanses of Mediterranean scrub, cliffs plunging into the sea, and pebble beaches that meet crystal-clear waters. The island is a paradise for snorkeling and trekking enthusiasts, with trails winding through archaeological remains and protected flora and fauna. Tourist hospitality is simple yet authentic, respectful of the environment and the island's history.

There are no large hotels, but it is possible to stay in small accommodations managed by the Tuscan Archipelago National Park, offering a complete immersion in nature. For those seeking a more adventurous option, camping is available in designated areas.

When it comes to food, Pianosa does not disappoint. The island has a single restaurant, serving Tuscan traditional dishes and local specialties based on fresh fish. Don't miss the fish soups, grilled squid, and cacciucco-based dishes, paired with local wines from Elba.

The products are simple, genuine, and deeply tied to the territory, perfect for those who want to savor the essence of the Mediterranean.

Pianosa is an unforgettable island. A place where time seems to have stood still, where nature and history intertwine in an inseparable embrace. Visiting it means gifting yourself an authentic experience, far from
